IT PAYS TO

Change your perception.

If you think PlayChoice-10™ is just another video game, think again. With 10 games in one cabinet to choose from, it works more like a video game jukebox than a conventional single-game unit.

And like a jukebox, it takes a special kind of handling to make the most of its profit potential. Here's how.

Change your selection.

Rotation is the key to long-term earnings. It's the same with a jukebox as it is with PlayChoice-10.

By keeping your selection fresh and your software current, you'll keep the quarters flowing.

With over 20 PlayChoice-10 titles available, plus the ongoing support of new releases, you can create a game menu.

Change your collection.

As you add new software to your collection, you're building a long-term investment. A system that will protect you from single-game obsolescence through its very ability to change. And with it comes a new way of viewing collections.

Rather than flash-in-the-pan profits followed by deep lows as a game slides into obscurity, PlayChoice-10 lets you generate a steady stream of earnings. Week after week. Location to location. All it takes is a little willingness to change. And that can pay off big in the long run.
